Upcoming Events

Meetings for the 2019 Season

March meeting will be announced soon!

President's Corner

We had a great turnout at our January meeting at the Lovin' Cup. Thank you to our entire chapter executive committee and chapter members for making the event a success. A special thank you goes out to Mark Flynn who presented "The ABC's of Fall Protection." He did an outstanding job in front of a packed house.

Our February meeting is a joint meeting with the Greater Rochester New York Association of Occupational Health Nurses (AOHN). A thank you goes out to Mary Ann Rall, the chapter president, for securing the speaker for the meeting.

Please contact me, or any of the executive committee members if you have any ideas, or recommendations to grow and, or enhance the chapter.

I hope to see everyone at our 2/12/2019 meeting.

Joe Rosenbeck

President – Genesee Valley Chapter, ASSP

February Program

"Work Related Hearing Loss"

Speaker Bio

David Nelson, AuD

Executive Director of Operations and President of Audiology Service Associates (ASA)

Dr. Nelson is the owner of Audiology Service Associates PC. He earned his Doctorate of Audiology In 2007, a Master's of Science in Audiology In 1992, and a Bachelor's of Arts in Sociology In 1989. He also owns The Hearing Advantage, a business that cares for hearing conservation needs on an international basis, and has acted as an adjunct professor at the University at Buffalo. Dr. Nelson is a fellow of the American Academy of Audiology (AAA), has the Certificate of Clinical Competence in Audiology (CCC-A) and is Board Certified by the American Board of Audiology.

For the last 20 years, Dr. Nelson has been training other audiologists and medical professionals. He has sat on board committees for different national organizations and has been instrumental in positive policy and procedure changes. Dr. Nelson has a special focus in digital processing systems, industrial hearing conservation and special needs programs. He remains driven to find the answers for the needs of those with hearing and balance disorders.
