## Genesee Valley Chapter (GVC) 2020-21

# The OSHA National Emphasis Program on Eliminating Amputation Injuries Indoor

Presented by: Nick Donofrio, Compliance  
Assistance Specialist - New York Regional  
Office US Dept of Labor / OSHA

This presentation will consist of an overview of the OSHA National Emphasis Program on eliminating amputation injuries. Nick also plans on discussing the planned Region 2 Amputation Safety Stand Down along with soliciting members for the planning committee as well as the subcommittees. As a reminder Nick's OSHA presentations cannot be recorded and he is not able to share his slides.

**DATE: Thursday, March 11th, 2021**

**TIME: 12:30PM – 1:30PM**

**PLACE: Microsoft Teams**

**COST: No charge**

## President's Corner

Greetings colleagues!

We are excited for the fifth meeting of the 2020/2021 ASSP calendar year. But first, I wanted to thank everyone who was able to attend our January Chapter meeting on Indoor Air Quality. A special thanks to Derrick Day and Roger Zaccour of the Stark Tech Groups for their detailed presentation and willingness to stick around and answer several questions!

I am excited to announce that the GVC ASSP chapter will be holding its annual RIT Environmental Sustainability, Health and Safety Student Presentations again this May. This event is tentatively scheduled for May 4<sup>th</sup> at 5pm. For those who have not had the opportunity to attend this meeting, the presentations are given by students at RIT in the ESHS program. The presentation normally consists of emerging topics in the HS field or a deep dive into a topic of the student's interest. I would encourage you to block off time on your calendar to help support of the next generation of safety professionals. I look forward to virtually seeing you all there!

If you have any questions please feel free to email me at: [president@gvc.assp.org](mailto:president@gvc.assp.org)

*Myles Ott*

President – Genesee Valley Chapter, ASSP
