

February 2022 Meeting/Scholium

Genesee Valley Chapter
AMERICAN SOCIETY OF
SAFETY PROFESSIONALS

(GVC) 2021-22

February Meeting

The ASSP GVC Board is excited to have Brad Wanner, an experienced trial attorney with Harris Beach PLLC in Albany, NY, present at our meeting this month. Brad will be speaking about several examples from his professional experience where assumed “normal operations” resulted in catastrophic injuries or even death. His litigation experience includes chemical exposure, products liability, commercial litigation, and he has represented manufacturers and premises owners in lawsuits arising out of alleged exposure to asbestos, formaldehyde, and silica.

During this interactive discussion, he will highlight examples of when even the most experienced and trained workers placed themselves (and their co-workers) in imminent danger, and the costly litigation that followed **avoidable** incidents. The examples will include fact patterns from construction, manufacturing, and industrial operations.

DATE: Wednesday, February 23rd

TIME: 11:30AM – 12:30PM
