President's Corner

The first meeting of the year was held at Three Heads Brewing. This was a joint production with Finger Lakes Association of the Alliance of Hazardous Materials Professionals. I wish I could say that this joint meeting was the product of months of planning, but no, it was a coincidence. We both chose the same location on the same night. Maybe it was a case of Great Minds that think alike.

Joseph Rosenbeck has agreed to join us as the Student Chapter Advisor and Vice President. An election for the Vice President position will be held at the October meeting. Mr. Rosenbeck is the Graduate Program Director & Associate Department chair of the Department of Civil Engineering Technology, Environmental Management & Safety (CETEMS) at Rochester Institute of Technology.

Nick Pasternack of Quality Risk Solutions will become our new Webmaster. If you have any experience with communication technology, I'm sure Nick would love the help.

This year in addition to providing relevant programs we hope to bring the chapter into the 21st century. With Nick and your help, we will be upgrading the website to take reservations and payments. We will also establish LinkedIn account in addition to our existing Facebook page. Our new twitter address is @GVC-ASSE

The Scholium will be available on our website, if you would like a pdf version please let me know at.

David Bowes

President – Genesee Valley Chapter, ASSE

Meetings for the 2015 - 2016 Season:

11/1/16 – To Be Determined - Do you have a topic of interest to the group? Let us know.

12/6/16: OSHA Update,
Gordon Deleys, OSHA Buffalo Office
At Burgundy Basin Inn – Dinner Meeting

January 2017 – Too cold - No Meeting

2/7/17: Joint Meeting with the Occupational Health Nurses.

3/7/17: Joint Meeting with FLACHMM.

4/4/17: Joint Meeting with AIHA.

5/3/17: Student Papers/Presentations

This Month's Presentation

You're Kidding! That's a Biohazard?

Topic: Biohazard safety from A to Z, with case studies

Bio: Sonia Rosenberger has held Biosafety Officer positions at the University of Rochester, two University of California campuses (Davis, Berkeley), and Chiron Corporation (now Novartis). She is a small animal veterinarian by training and has a Master of Science in Occupational Health from the University of Toledo. While her current position is dedicated to biosafety, she has also worked in broader safety capacities including ergonomics and general laboratory safety.

Upcoming Events

2016 Genesee Valley and Finger Lakes Region Health, Safety, and Environment PDC December 7, 2016
